PROGRAM SUMMARY

Fixed rate, fully amortizing, conventional conforming first lien mortgage loan program used to refinance one-unit primary residences for borrowers whose [income is at or below 100% of the area median income \(AMI\)](#).

- Note: For loans prior to 1/31/2022, the income must be at or below 80% of the area median income (AMI). LPA will be updated January 31, 2022 and the income limits will increase to 100% of the AMI at that time.

Additional requirements of the existing loan being refinanced include:

- Must be a first lien, conventional mortgage loan currently owned by Freddie Mac, in whole or in part, or securitized by Freddie Mac.
- Must be seasoned at least 12 months (from the original note date to new loan note date).
 - Note: For loans prior to 1/31/2022, the existing mortgage may not be more than 120 months old (from the original note date to the new loan date). LPA will be updated January 31, 2022 and the 120 months seasoning requirement will be removed.
- Must not be:
 - An existing high LTV refinance loan
 - A Freddie Mac Relief Refinance loan
 - A Freddie Mac Enhanced Relief Refinance loan
 - A Refi Possible loan
 - A loan subject to an outstanding repurchase request
 - A loan subject to recourse, indemnification, or other credit enhancement other than mortgage insurance (unless the new loan is also subject to credit enhancement or it is no longer required)

A look up tool is available at loanlookup.freddie.mac.com to determine whether the borrower's existing loan is owned by Freddie Mac. Refer to [Freddie Mac Bulletin 2021-17](#) for further program details.

BORROWER BENEFIT

The refinanced loan must result in both of the following:

- A first lien mortgage interest rate reduction of at least 50 basis points, **and**
- A reduction in the first lien mortgage monthly payment that includes principal, interest, and the mortgage insurance payment (if applicable).

- The loan file contains evidence that the remaining borrower has been making the mortgage payments, including the payments for any secondary financing, for the most recent 12-month period from their own funds; or
- In the case of death, evidence of deceased borrower's death must be documented in loan file.

In all cases, at least one borrower from the mortgage being refinanced must be retained. New borrowers cannot be added.

Non-occupant borrowers are permitted if they were also a borrower on the existing loan, and:

- A maximum LTV, CLTV, and HCLTV ratio of 95% applies (CLTV ratio may be up to 105% when an Affordable/Community Seconds is being resubordinated).

- The lender must confirm the project is not a condominium hotel, or a houseboat, timeshare or segmented ownership project; and
- The project has insurance that meets the applicable property and flood insurance requirements. Master hazard insurance and HO-6 (if required) will be reviewed by Project Review team.

MINIMUM CREDIT SCORES

Follow LPA response to determine loan eligibility.

FEES / CLOSING COSTS

There are no limitations on fees or closing costs outside of Flagstar and regulatory standards.

A \$500 credit must be applied to all loans that obtain an appraisal. This credit is not required to be disclosed on the Loan Estimate, but it must be entered as a negative number in the Payoffs and Payments section of the Closing Disclosure and labeled as "RefiNow/Refi Possible Appraisal Credit." Loans that are approved by the underwriter with an Automated Collateral Evaluation (ACE) (a.k.a., Property Inspection Alternative (PIA)) on the feedback report of the last LPA submission will not receive the credit because no appraisal fee will be charged.

QUALIFYING RATE

Note rate

QUALIFYING RATIOS

SUBORDINATE FINANCING

- New subordinate financing is only permitted if it replaces existing subordinate financing.
- Existing subordinate financing:
 - May not be paid off with the proceeds of the new loan, and
 - Can remain in place if it is resubordinated to the new loan:
 - Standard subordinate financing up to 97% CLTV (95% CLTV for manufactured homes)
 - Community Seconds subordinate financing up to 105% CTLV (95% for manuf. homes).
 - May be simultaneously refinanced with the existing first lien mortgage, provided that:
 - The unpaid principal balance (UPB) of the new subordinate lien is not more than the UPB of the subordinate lien being refinanced at the time of payoff, and

Refer to the Subordinate Financing section of the [Conventional Underwriting Guidelines](#) for details.

TEMPORARY BUYDOWNS

UNDERWRITING

- Refer to [Freddie Mac Bulletin 2021-17](#), *Introducing Freddie Mac Refi Possible*.
- All loans must be submitted to Loan Product Advisor (LPA) and receive an Accept response. (Note: LPA will be updated January 31, 2022 for increased AMI limits to 100%)
- Manual underwriting is not allowed (Flagstar overlay).
- Loan Product Advisor (LPA) will return a feedback message identifying all loan casefiles that appear to be eligible for Refi Possible regardless of the product. If a Refi Possible loan is desired, loans will need to be changed to a Refi Possible product and resubmitted to LPA to ensure the loan is fully assessed by LPA as a Refi Possible loan.

BORROWER INCOME LIMIT

- Borrower's qualifying income converted to an annual basis must not exceed [100% of the area median income \(AMI\)](#) for the location of the subject property.
 - Note: For loans prior to 1/31/2022, the income must be at or below 80% of the area median income (AMI). LPA will be updated January 31, 2022 and the income limits will increase to 100% of the AMI at that time.
- For purposes of determining eligibility, the lender must include the income from all borrowers who will sign the note to the extent that the income is considered in evaluating creditworthiness for the loan; for example: if there are two borrowers on a loan application, the lender will use the combined total qualifying income amount to determine whether the AMI limit has been met.
- Loan Product Advisor will determine the income eligibility of the loan.

SIGNIFICANT DEROGATORY CREDIT

For Freddie Mac loans with an Accept response from LPA, the significance of the derogatory event (bankruptcy, foreclosure, deed-in-lieu, or short sale) has been considered in the risk assessment and the

borrower's credit reputation has been deemed acceptable. No further documentation or recovery time period must be met.

UNDERWRITER REFI POSSIBLE WORKSHEET

- The underwriter must use the RefiNow/Refi Possible worksheet, Doc. #3296, to:
 - Validate the maximum interest rate,
 - Validate the maximum principal, interest and mortgage insurance (if applicable) payment, AND
 - Validate that the borrower does not receive in excess of \$250 in cash back at closing.

As stated on the worksheet, the following items **MUST** be submitted for all Refi Possible applications to aid in verifying the calculations:

- *Loan File **must** contain documentation to support current interest rate, principal and interest payment, and MI payment (e.g. Note, Mortgage Statement, etc.).*
- *Loan commitment expiration date cannot exceed the end of the month proceeding the next payment due date.*

The proceeds of the Refi Possible loan must be used only to:

- Pay off the first mortgage
- Disburse cash to the borrower not to exceed \$250

In the event there are remaining proceeds from the Refi Possible loan after the proceeds are applied as described above, the excess proceeds must be applied as a principal curtailment to the Refi Possible loan and must be clearly reflected on the Closing Disclosure.

Subordinate liens, even if used for the purchase of the property and otherwise eligible for pay off with a rate/terms refinance, may not be paid off with proceeds of a Refi Possible loan.

TEXAS REFINANCE LOANS

All refinance loans in Texas will be evaluated against the criteria outlined in our [Conventional Underwriting Guidelines](#), Texas Refinances section to determine if the loan must be originated under the requirements of Section 50(a)(6) of the Texas Constitution. Loans that must be treated as Section 50(a)(6) are not eligible under this program.
